Day tour
Egypt
Cairo
Everyday

With an amazing Cairo Day Tour from the Airport designed by our knowledgeable representative at Cairo Top Tours, you may discover the wonders of Egypt. Prepare yourself for a magnificent journey as you discover the treasures of the Pharaonic village, immerse yourself in history at the Abdeen palace, take a motorboat cruise down the fabled Nile River, and enjoy a delectable lunch at a genuine oriental restaurant. Egypt's history by the Nile River is the perfect place to unwind and explore. This is a comprehensive history of Egypt's most famous rulers' architectural achievements for people who want to know more about them before joining one of the various Cairo Day Tours. Schedule your tour right away!

Northward, the White and Blue Rivers converge in the Sudanese capital, Khartoum. The Nile flows through the Sudanese desert into Egypt in a northerly direction and passes through the city of Cairo, located on the large delta of the river (the Nile Delta), then through the cities of Damietta and Rashid and finally empties into the Mediterranean Sea.

Exclusion

- Tipping.
- Any personal expenses.
- Beverage during the meal.
- Any extras not mentioned in the itinerary.

Itinerary

Nile River boat ride Cairo day tour from airport

A professional tour guide and an experienced Cairo day tour leader will pick you up and drive you to the starting point of your unique tour in a private, air-conditioned car at the beginning of the day trip to enjoy a boat ride on the Nile River from the airport.

The Village of Pharaoh:

It was Hassan Ragab, an Egyptian architect, who created the Pharaonic Village in Cairo. He came up with the idea for the Pharaonic settlement on Jacob Island after visiting America and seeing his vision of Williamsburg, Virginia, which depicts the lives of the country's earliest settlers.

The palace of Abden:

The series started with the palace being prepared for Khedive Ismail's thirtieth birthday celebration in Abdeen Palace. This indicates that the ceremony took place in 1860, before the construction of Abdeen Palace, which was finished in 1872 and turned into a government center.

After that, you will be escorted to a fine dining establishment for a delicious lunch before transferring to a motorboat for a two-hour cruise on the Nile River. After the tour is over, you will be returned to your hotel, where our services will come to an end.

Meals: Lunch
